

# **Pilgrim High School**

## ***Vision Statement***

**Our vision is to create a school community that collaborates in the best interest for our students, empowering faculty, students and parents to perform at the highest levels of achievement. Our school will have a culture of high expectations and rigorous standards where we will encourage students to become increasingly responsible for directing their personal and collective learning. The leadership team of Pilgrim High School will provide a clear vision of the goals and the necessary resources for students, faculty and staff to achieve them. Pilgrim High School will be an environment offering all students multiple opportunities for differentiated instruction and assessment, driven by a curriculum supporting the school's mission. Communication among teachers, guidance and parents, who will take an active role in their children's education, will be timely and consistent. Every student who graduates from Pilgrim will have the ability and confidence to make choices, meet difficult challenges and be of service to the community.**

## ***Social Expectation***

**A Pilgrim High School student will be a respectful, ethical and self-disciplined individual who is able to work independently and cooperatively.**

## ***Civic Expectations***

**Pilgrim High School students demonstrate the ability to be contributing members of their community.**

**Pilgrim High School students demonstrate a respect for diversity in their school and community.**

**Pilgrim High School students explore and develop life skills and career goals through school programs and community involvement.**
